

Store Hours Memo

To Our Valued Customers

As we continue to navigate these changing times, we have made the difficult decision to slightly modify our store hours. This is not something that we are doing lightly but we must look to the long term viability of the business. The new hours are based on the last 4 months of shooting data and will allow us to more closely control our business while having the range/store hours available during the busiest time periods. Starting on Sunday December 6th and continuing through the end of January our new hours will be:

- Monday-Friday 9AM to 7PM
- Saturday and Sunday 11AM to 5PM

The new hours still allow for plenty of shooting and shopping time. We are keeping our store clean and sanitized, and as you all know our range airflow is the best around!

We thank you for your continued business and appreciate your support during these trying days. We hope things will quickly return to some sense of normality during the first part of the New Year.

Sincerely

The Shooters Sports Center Staff
